And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. 61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

DOMINION ORDERS IN COUNCIL.

[245]

AT THE GOVERNMENT HOUSE, OTTAWA.

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS section 1 of the Coal Mining Regulations, established by Order in Council of the 9th May, 1907, provides that the coal mining rights which are the property of the Crown may be leased for a term of twenty-one years at an annual rental of \$1 an acre, payable yearly in advance:

And whereas it would appear from representations which have been made to the Department of the Interior, that, owing to the very large expenditure which is necessarily incurred in opening up and equipping a coal mine, and the considerable period of time which must elapse after the issue of a lease before the mine can be made profitably productive, the above term of twenty-one years is not sufficiently long, and that provision should be made

for a renewal of the lease for an additional term, provided the lessee has complied with the provisions of the Regulations and the conditions of the lease:

Therefore, His Excellency the Governor-General in Council is pleased to order that section 1 of the Coal Mining Regulations, as established by the Order in Council of the 9th May, 1907, shall be and the same is hereby amended by providing that the term of the lease shall be twenty-one years, renewable for a further term of twenty-one years, provided the lessee can furnish evidence satisfactory to the Minister of the Interior, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the Regulations under which it was granted.

And His Excellency is further pleased to order that this provision shall apply also to coal mining leases which have already been issued under the provisions of the above Coal Mining Regulations.

F. K. BENNETTS,

mr11

Assistant Clerk of the Privy Council.

[31.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS applications have been submitted to the Department of the Interior for the right to prospect for coal on lands, the coal mining rights under which have not been alienated from the Crown, and under the present regulations the only way in which the permission sought can be obtained is by securing a lease of the coal mining rights under the lands upon which the applicant desires to operate, and pay in advance a rental at the rate of \$1 an acre per annum for such coal mining rights; and

Whereas it is in the public interest that applicants should be given reasonable inducements to explore for coal on lands which present no surface indications of its existence:

Therefore, His Excellency the Governor-General in Council is pleased to make, and doth hereby make, the following Regulations governing the granting of permission to prospect for coal:—

1. The Minister of the Interior may reserve for an applicant the coal mining rights, the property of the Crown, under an area of not more than 2,560 acres of land, for a period not exceeding two years, for the purpose of enabling him to carry on prospecting operations thereon with the view of discovering coal.

2. The tract applied for shall consist of sections and regular subdivisions of sections, but the several parcels comprising the tract must be contiguous.

3. Each application shall be accompanied by a fee of one hundred (\$100) dollars, which will be applied on account of the rental in case a lease of the coal mining rights or any portion thereof is subsequently granted, and will be refunded in case permission to prospect is not granted, or if it is shown to the satisfaction of the Minister of the Interior that the applicant has thoroughly prospected the tract reserved for him, and has failed to discover coal thereon in paying quantities, but not otherwise.

4. If the surface rights of any portion of the tract reserved for an applicant is the property of the Crown, he may obtain a lease during the period of the reservation only, of such area thereof, for the purposes of his coal mining operations, as the Minister of the Interior may consider necessary, upon payment in advance of a rental at the rate of one (\$1) dollar an acre per annum.

5. The reservation of the coal mining rights will be made upon the express condition that the applicant shall expend in actual prospecting operations, by recognised methods, during each of the years covered by the reservation the sum of not less than one dollar an acre in connection with the rights reserved for him, and shall, prior to the determination of each period of one year, furnish evidence, supported by affidavit, to show that he has incurred

the required expenditure in actual prospecting operations by recognised methods, for the discovery of coal on the tract affected by the reservation, otherwise the permission granted shall absolutely lapse.

6. In case the surface rights of any portion of the tract applied for has been disposed of, it will be necessary for the applicant, before permission to prospect thereon for coal can be granted, to furnish satisfactory evidence to show that he has obtained from the owner or occupant of the surface rights permission to enter upon the land for the purpose of prospecting.

7. If, at the expiration of the period for which permission has been given to prospect, the applicant desires to lease the coal mining rights included in the reservation, or any portion thereof, he shall be considered the first applicant for such rights, provided evidence is furnished to the satisfaction of the Minister of the Interior that he has incurred the prescribed expenditure in prospecting for coal on the tract included in the reservation, and permission to acquire a lease of such coal mining rights shall be granted under the provisions of the Regulations in that behalf.

Assistant Clerk of the Privy Council.
